Railroads Prepare to Finally Clean Up Exposition Travel.

NAME THE LOWEST RATES EVER OFFERED

Nebraskans Given a Final Opportunity to Come to Omaha for Less Than it Will Cost to Stay at Home.

In order that every Nebraskan may have an opportunity to see the Transmississippi Exposition during its inst week the railroads of the state have agreed on what is undoubtedly the lowest line of rates ever made within the state. The tickets will be sold the first of the week and will be good for five days. Rate wars have at times provoked lower rates, but the special rates that will be put in next week have not been equalled in local travel in Nebraska.

As announced by The Bee last Sarurday, very low line of rates to Omaha from all rate of \$5 being offered from points on the rates from points west of that boundary, The Union Pacific will next week offer a

round trip rate to Omaha of \$4 from the The western state line of Nebraska. rate from Sidney, Neb., will be \$3.50; from North Platte and Odessa, \$3; from Kearney and Benton, Neb., \$2.50. Proportionately low rates from other points on the main line of the Union Pacific and from the branch lines will be offered. The tickets will be sold on Monday, October 24, only, and they will be good for five days from that date. With a maxium rate of \$4 for partment expects to "clean up all the exposition travel along the line."

The Chicago, Rock Island & Pacific announces that it will put in rates to Omaha from points on its line in Nebraska and WHERE HORTICULTURE IS PROFIT-Kansas lower than ever before known. From points where the regular onefare is \$6 and \$7, a round trip rate of \$2 and \$2.50 to see the closing days of the exposition will be offered. The rates will apply from points west of Fairbury. Neb., and are designed especially to position is attracting more than its share give those in the western part of Kansas and Nebraska a last chance to see the fair on most reasonable terms. The rates will be equal to rates of about one-half of 1 cent per mile for the distance traveled. The mile for the distance traveled. The Rock Island road is also arranging a second excursion from Oklahoma territory. A! number of residents of that territory who day, is admirably adapted to the culture of couldn't get away on the first trip, and some nearly all kinds of fruit of the temperate of those who did, have signified their intention of spending the last days of the month at the exposition.

The Frement, Elkhorn & Missouri arranged five difhas ferent excursions, in addition to its regular quinces and berries of all kinds are pro-train service, into Omaha next week to give duced, having superior flavor and of unifirst will be from the Oakdale branch via Oakdale and Albion. The round trip rate from the former place will be \$2.50, and seem to be ideal homes for all the fruits from the latter point \$2. The \$2 rate will also be offered from Humphrey. The spe-cial train will arrive here on Sunday morning at 10:45 o'clock. An excursion from the with a \$2 rate from Geneva and Seward and \$2.50 from Superior. An excursion on the tnain line will be run on Monday with rates of \$2 from Norfolk, \$3 from O'Neill and of \$2 from Norfolk, \$3 from O'Neill and \$3.50 from Long Pine. On Tuesday an excursion from the Hastings branch will give David

Intermediate points will be given proportionately low rates. DETROIT, Mich., Oct. 19.-Little business ger and Ticket Agents' association. After the festivities of last night the convention was late in getting together and it was after 11 o'clock when Chairman Turk called the sec ond day's executive session to order. "Antiscalping legislation," reported on by a committee appointed at St. Louis in 1897, was the feature of the session. No new recommendations were embodied in the committee's report, which recommended continuance of the fight for anti-scalping legislation by congress along the same lines as heretofore George H. Daniels of the New York Cen tral, who is an active member of the committee, stated that the consensus of opinion in the committee is that the organization endorse and co-operate with the action of the National Association of Merchants and Travelers, recently organized in Chicago to work against ticket scalping. > Sleeping Car Rates Untouched. It has been currently reported for more than a week that the meeting of the Amerian Association of General Passenger and Ticket Agents, now convened at Detroit, would start a movement for the reduction of steeping car rates. General Passenger Agent Francis of the B. & M. was asked this morning if he had heard of any action on the natter by the meeting. He said he had not and expressed the opinion that the subject would not come up. General Passenger Agents Louax of the Union Pacific and Buchanan of the Enthorn are the Omaha

representatives at the meeting. The general demand for a reduction of the exorbitant sleeping car rates has been accentuated recently by the publication of the financial report of the Pullman company, showing \$18,000,000 of surplus assets, which the company proposes to turn into additional capital. The immense earnings of the company have plainly yielded a great amount of the lows lines have already agreed on a profit and have attracted the attention of the press all over the country. A large numpoints in Iowa for next week, a round trip | her of the leading papers have contained some pretty harsh comments on the latest Mississippi river, with proportionately low showing of profit of the Pullman company and the editorial demands for a reduction in the high rates of the sleeping car companies have been quite general. It is quite certain that an effort will be made to secure the reduction through the rallway companies.

Railroad Notes. The September loading report of the Burlington shows 101,000 cars against 109,000 for the same period a year ago, a decrease shipments last vest of 8,000 care. Grain were very heavy in September, while this year the movement was poor until the last of the month. The average daily loadie the round trip from the most remote points amounts to 4,000 cars. Westbound freight in the state the Union Pacific passenger de- traffic is very heavy. Grain and live stock shipments are equal to those of last year.
